

FACILITY CAPACITY

BASED ON CDC COMMUNITY RISK LEVELS

Version 1.1 Effective February 17, 2023

Milwaukee County's facility capacity guidelines are based on the Centers for Disease Control and Prevention (CDC) COVID-19 Community Levels. The CDC looks at the combination of three metrics — new COVID-19 hospital admissions per 100,000 population in the past 7 days, the percent of staffed inpatient beds occupied by COVID-19 patients, and total new COVID-19 cases per 100,000 population in the past 7 days — to determine the COVID-19 community level. Using these data, the COVID-19 community level is classified as low, medium, or high.

Milwaukee County is currently classified as **LOW**

Milwaukee County facilities are managed by multiple departments within Milwaukee County, serving a range of general and specialized needs. This table primarily provides the capacity requirements for Milwaukee County facilities serving **vulnerable populations*** and providing **essential services***. Other departments should implement these guidelines as appropriate in their respective environments. Essential facilities may operate at higher capacity limits. These include but are not limited to Milwaukee County Courts, correctional facilities, hospitals and airports.

CDC Community Risk Levels	Capacity Guidelines
LOW	<ul style="list-style-type: none">• Follow departmental guidelines for in-person and telework options• Ensure the availability of high-quality (N95 or KN95) masks**• Maintain improved ventilation throughout public and private indoor spaces when possible• Consider in-person participant vulnerability
MEDIUM	<ul style="list-style-type: none">• Telework encouraged where possible• Limit in-person meetings• Provide appropriate spacing options• Ensure the availability of high-quality masks**• Maintain improved ventilation throughout public and private indoor spaces when possible• Consider in-person participant vulnerability
HIGH	<ul style="list-style-type: none">• Telework required where possible• Provide the ability for six feet of distancing per person• Ensure the availability of high-quality masks**• In-person employees complete COVID-19 screening survey on County Connect• Avoid non-essential indoor activities• Maintain improved ventilation throughout public and private indoor spaces when possible<ul style="list-style-type: none">○ Open windows and doors when possible• Consider in-person participant vulnerability
